

**Smiths Falls  
Nurse Practitioner- Led Clinic  
WELCOMES**

**Euclid Telehealth  
Begin preserving your eye health**

At Euclid Telehealth, we focus on eye disease assessments for the leading causes of vision loss and blindness, such as: glaucoma, diabetic retinopathy, macular degeneration, and others. The health span of eyes is our priority and while many eye diseases have no symptoms, Euclid uses leading technology and a trusted network of surgeons and ophthalmologists to identify and prevent eye disease.

In collaboration with the Galen Eye Centre, our mission is to bring early detection and treatment of vision loss to all Canadians.

**WHO SHOULD HAVE AN ANNUAL EYE  
SCREENING?**

If any of the below apply:

- ✓ You are age 40 or older
- ✓ You are diabetic
- ✓ You experience any of the following
  - Blurred vision*
  - Gradual change in vision*
  - Increased difficulty driving at night*

**Ask your Nurse Practitioner for a Referral.**

We will be here to service the needs of your community on the 1<sup>st</sup> and 3<sup>rd</sup> Wednesday of the month.
